

# Drought Proof Your Turf

**NEW!**

# Moisture+™

*An entire range of Australian peat based products*

## Biogreen saves water naturally

Biogreen Moisture+ Peat Soil Conditioner is a premium organic soil conditioner that will successfully establish your roll-on turf giving long lasting moisture retention due to the establishment of a larger root system.

**IMPROVES  
DROUGHT  
RESISTANCE**

**GUARANTEED  
TO GROW YOUR PLANTS**

- Up to 50% water saving and retention
- Strong root growth and improved drought tolerance
- 1 - 2 kg per square metre (more peat improves water retention capacity)
- Permanent and long lasting soil conditioner
- Totally natural
